Yoga

Relax, stretch, and take a deep breathe. In this class you will learn to relax your muscles and strengthen your core while mastering the art of yoga from Ms. Hadjazi. After a long day, a moment of relaxation and rejuvenation is all you need to prepare yourself for a busy afternoon. Namaste.

Day: Mondays

Time: 3:15 - 4:15

Grade: K - 5th

Fee: \$165

Date: March 27th - May 22nd

Notes: NO CLASS: April 10th

Science & Innovation

***Chess:** *Classic Chess (all levels)*

Classic chess is the oldest way to play the royal game. This class will focus on the fundamentals of piece movement and strategy. Kids will learn that the game of chess is not about taking all of your opponents pieces, but about taking the right pieces, at the right time, to win in as few turns as possible. Students will study chess puzzles that will improve tactics, pattern recognition and spatial memory. This class is appropriate for students of any age or ability and builds critical thinking skills while lengthening attention span.

Day: Wednesdays

Time: 3:15 - 4:15 (K - 5th)

4:30 - 5:30 (K - 5th)

Fee: \$165

Date: March 29th - May 24th

Notes: NO CLASS: April 12th

***Eco Station:** *Be an Animal Superhero!*

Be a superhero for the animals! Each week we'll highlight different champions of the animal world, like Jane Goodall or the volunteers of the California Wildlife Center who rehabilitate native wildlife. Meet STAR Eco Station's own rescued exotic wildlife that will inspire you to support our modern day animal superheroes and become one yourself!

Day: Thursdays

Time: 3:15 - 4:15 (K - 5th)

4:30 - 5:30 (K - 5th)

Fee: \$170

Date: March 30th - May 25th

Notes: NO CLASS: April 13th

***Engineering:** *Create to Play: Arcade Game*

Engineering

Behind every awesome arcade game is an amazing engineer. We will explore the marvels of mechanical engineering while building our very own pinball game. Students will learn how to optimize our designs by taking part in a marble maze challenge. Join us for this exciting engineering class centered on arcade games and the skills it takes to make them!

Day: Wednesdays

Time: 2:15 - 3:15 (K - 5th)

3:30 - 4:30 (K - 5th)

Science & Innovation Con't

***Idea Lab:** *Spy vs. Spy*

Do you have the brick building skills of a secret agent? Can you decipher codes, create gadgets and build escape routes? We'll get smart this session as we solve logic puzzles and train our minds to think like a spy...all with LEGO bricks. Each week is devoted to building fun and exciting projects that develop young minds, inspire creativity and teamwork! Challenge your mind and expand your possibilities.

Day: Tuesdays

Time: 2:15 - 3:15 (K - 2nd)

3:30 - 4:30 (2nd - 5th)

Fee: \$170

Date: March 28th - May 23th

Notes: NO CLASS: April 11th

***Robotics:** *"Loco" for Robots*

Are you crazy about robots like we are? One of the coolest things about robots is that we can build them however we want, so that they can work almost anywhere! Go "loco" for locomotion, as you build robots using wheels, legs and even its own body to move! Need more power? Not a problem! Discover gears and gear ratios and learn how to create more force for your motors!

Day: Mondays

Time: 2:15 - 3:15 (K - 2nd)

3:30 - 4:30 (3rd - 5th)

Fee: \$170

Date: March 27th - May 22nd

Notes: NO CLASS: April 10th

***Science:** *Super Science Lab*

Do you love crazy cool chemical concoctions?! Students will use forceps, probes, pins and surgical scissors to practice dissections on artificial insects, then use their new skills to study the internal anatomy of a real giant grasshopper! Tackle microbiology with real microscopes, mix and measure to make fizzy and bubbly chemical reactions. Students will assemble their very own Science Lab Kit to continue experimentation and exploration at home!

Day: Tuesdays

Time: 2:15 - 3:15 (K - 5)

3:30 - 4:30 (K - 5)
